Dear Sir:

In further response to the final Office Action dated October 23, 2002, Applicants request entry of the amendments below and reconsideration of the application.

In the Claims:

Kindly cancel claims 27 and 31 without prejudice or disclaimer.

Please amend the claims as follows:

21. (Twice Amended) A process for the production of an implant material according to claim 28, the process comprising applying the MP52 protein in and/or on the calcium phosphate matrix as a solution in a solvent such that a homogeneous distribution of the MP52 protein in and/or on the calcium phosphate matrix is achieved.
